Dear Fran,

I'm sorry I haven't written you in so long but I've been busy with school and work. I'm glad you're doing well in school. I'm doing pretty good myself. I'm working at Burger King and I'm also in the Air Force Reserves. It's not bad but it's not good either. I'm going to basic training in June and I'm not looking forward to it. I'll be gone for 6 months. I'm also going to be married in August. I'm getting married to a guy named Kevin. He's in the Air Force too. We've been going out for 2 years. I'm pretty happy about it. I'm also pregnant. I'm due in October. I'm hoping for a girl but I'll be happy with either one. Well I guess I'll close for now. Write me back soon.

Love,
Maria

Francie,
It was nicer this year than last year the way we got along And I hope to see you during the summer too. Maybe we can go to the beach this summer. Have a nice one,

"My first week at Rosemead was ridiculous! I got lost about 10 times . . . almost every period!" joked freshman Vivian Baca about her first day at Rosemead High. Similar sentiments were shared by just about all freshmen. Many voiced complaints about the confused scheduling, while others were overwhelmed by the size of the campus. Jose Soldana brought up an interesting point: "People have to grow up because the eleventh and twelfth graders are 16 and 17, and the ninth graders have to start acting like they are 16 and 17 years old when they are only 14 and 15." A more positive view was expressed by Lisa Cevanda. "There were so many smiling faces, everyone was friendly and helpful." Yolanda Roybal summed it up when she said: "Once you get to know the campus, it's not that bad at all."

Has school spirit lessened since the 1950's? Do students take school spirit for granted? Bill Stonecypher says "The girls in cheer and song give their all, only students can improve school spirit." Adrian Trujillo thinks there's still a lot of school spirit but it can be improved. "Maybe school spirit needs to be improved, but it is still good, we still love to cheer for the team and our class."

School spirit is an important part of school. Chris Morales feels it makes your years in high school more exciting and it is something to look back on. David Matthews says it shows how much everyone thinks of school. "If we didn't have any spirit, school would be really plain." Laura McFarland commented. Olivia Perez thinks when a student is enthusiastic they do better in school. School spirit may need to be improved today, but it has been, is and always will be an important part of school.

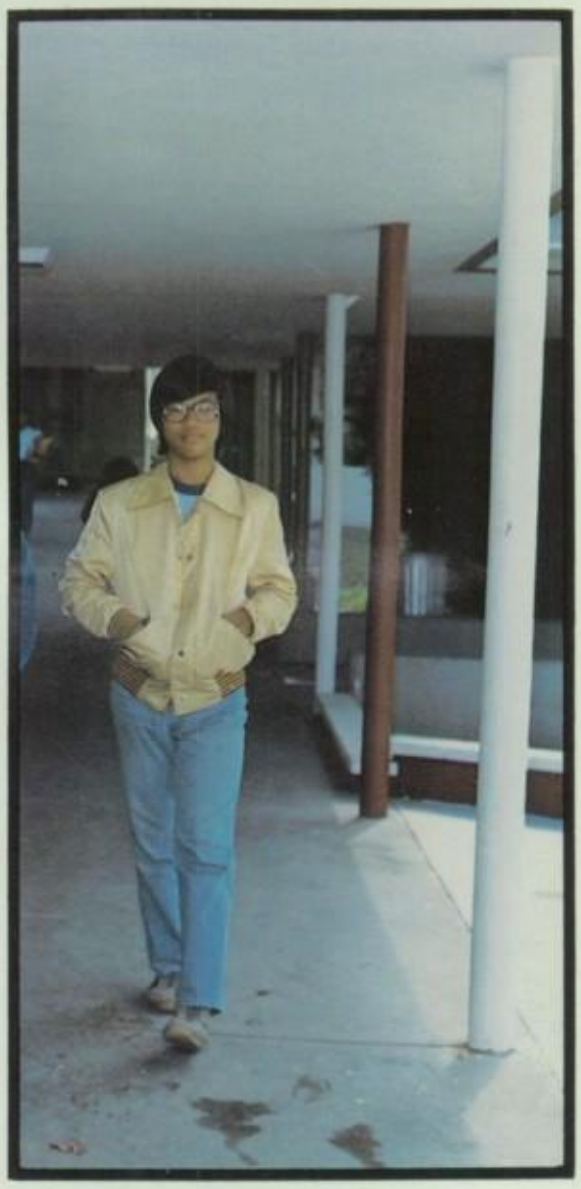
The Senior Patio is one of the privileges you get for surviving three years of high school. It is something most seniors have looked forward to for sometime. Seniors meet at senior patio to talk about the weekend, wait for freshmen to walk by so they could throw them in trashcans or just to talk about friends. Other common topics were discussing the band from friday night or what they would be doing the next weekend. After school was a perfect time to copy homework, socialize or complain about the day, and talk about the future.



Tronnie,
It's been fun having you in choir. Make your senior year the best we possible. Run track, always. Love,

The Big "R" assembly is probably the biggest, most spirited Pep Rally of the school year. It gives a good cheerful attitude toward the coming year. David Mathews thought the Big "R" was "great!" and it had **lots** of spirit. Spirit is a special part of the Big "R", it makes everyone feel good and puts more confidence in the athletes. But that is not the only reason why the Big "R" is so special. Laura McFarland thought it was fun and she would like to see more pep rallies like it. Fun and spirit made the Big "R" a truly memorable experience for the school year.

Bill Stonecypher also thought the Big "R" was great, but he thought people went to make noise rather than show genuine support for the school. If there was one word to describe the Big "R", noisy couldn't be more perfect. Everyone loves to yell, to support their class, as well as the Panthers. The class competition is a real fun finale for the Big "R" and puts the school in high spirits for the first game.

Today's fashions come in a variety of colors and styles to fit differing tastes and personalities. Drab greens, animal and camouflage prints seen around campus show the growing interest in army fatigues. Brightly colored striped tops off-set by pedal pushers or designer jeans with matching leg warmers are also quite popular. The "Preppy" look of alligator shirts and top sider shoes were a common attire shared by guys and girls alike. Sweat shirt dresses and plaid skirts depicted the declining length in girls clothes.

In topping off the outfits rolled bandanas or ribbons were worn around the forehead. Metallic colors made a comeback in the form of wide belts, purses and shoes. "TOO HIP" pins and concert shirts showed the growing influence of music in our everyday life.

Fashions

Tradition defined: That which is handed down from age to age. Tradition plays an important role in student life here at R.H.S. Many have been passed down for many years. These traditions give our school its individuality.

Nightgowns, curlers, and robes are common classroom attire during the first few weeks of school. Kidnap breakfasts are a common way of initiating new members into various clubs on campus.

Clothing plays an important role in tradition. Freshman football players are distinguished by wearing ties on their game days. Even the Varsity football players wear their jerseys on Fridays.

One of the favorite traditions was Senior Ditch Day. On this day, all the Seniors were dismissed from school after 3rd period. From the scarcity of people in class on this day, it was obvious that this holiday was observed by more than just the Senior class.

One of the most controversial traditions of this year was the "canning" of underclassmen who were caught on the Senior Patio. Due to parental concern, students are now suspended for infringing on the Senior's territory.

Tradition

Being a Senior is a privilege acquired after 3 extensive years of homework, crash studying for finals, special activities, and just learning "the ropes." Seniors are in the final stages of preparation for adult life. Many new responsibilities as well as obligations are placed on them. College and scholarship applications, SAT and Achievment testing, as well as all of the expenses involved in graduation result in many headaches and frustrations while trying to meet the deadlines.

The benefits well outweigh the frustrations however. No longer do they have to find upperclassmen to hang around with to improve their image. Now they are sought after for the same reason. "Senioritis" plays an important role in school life. It gives them the perfect excuse for acting crazy, "forgetting" to go to class, or not doing "that very important" homework assignment. Many fond memories created here at R.H.S. will be remembered for the rest of their lives.

Beauty has played an important role in the Senior year of this Senior spotlight. Jeannine Marquis has been involved with many different beauty contests. In the fall of 1981, she was in the Miss Rosemead Pageant, where she placed first runner-up. She was also voted one of our Homecoming princesses. This pretty face did not limit itself to local recognition. John Robert Powers, a modeling school, has offered her a scholarship to study with them. (So who knows, we may see Jeannine doing a Wella Balsam commercial in a few years)

"Living in Greece was a new and exciting experience for me." Stanley Pegadiotes has had a chance many of us will never have. After attending Rosemead High School for two years, Stanley left the United States to live with relatives in Athens, Greece. While there, he went to the American School of Athens. He had no difficulty in classes since they spoke English. While there, he visited many different cities and islands. Of all his excurisions, he liked Athens the most. The Greeks were very friendly people and their lifestyles are very different from our own.

During the summer of 1981, Tina Glenn was selected to attend the Olympic Training Camp. She started running because she liked the self-satisfaction of hard work. She didn't start running seriously until she came to Rosemead High School, where she got the opportunity to work with the team and compete. The camp was held at the Olympic Training Center in Colorado Springs. To qualify for this camp 4200 points or more had to be scored twice in the 1981 heptathalon, which consists of 7 different events. The self-evaluation film gave her a chance to see what she was doing wrong and to point out things that could be improved. At the camp we spent many hours in classroom session, watching films, examining the events, breaking them down step by step, and learning a totally new way training routine. Each day was spent on a different event, and during camp, Tina met people from Russia. One of Tina's dreams is to go to the Olympics and compete in the heptathalon.

This years graduating class was flavored by the talent of our hard working, scholastic achieving, young scholars. Among them was Brian Iwikiri who was not only ASB president first semester, but also a judo champion. He triumphantly won 47 trophies in judo and has been involved in many competitions. In July 1980, he competed in the United States Judo Federation for the National Junior and Youth Judo Championship in Niagara Falls. His acquired skills brought him to fourth place for his weight division in the country. Last year he competed in the National High School Judo Championship at Boise, Idaho. This was one of his most challenging competitions in which he used great skill and precise timing to place sixth.

Homecoming Win
Varsity Defeats Arroyo 7-6

Rosemead moved a notch closer to a berth in the CIF Southern Section playoffs with a 7-6 come-from-behind victory over visiting Arroyo. The half-time events began with the band lined up on both sides of the 50 yard line welcoming the Homecoming Court. The Homecoming Court was driven to the field by horse and carriage and was followed by class floats. The crowd quieted down and waited for the announcement of who would be queen. Applause filled the stands as Miss Lisa McFarland was crowned 1981 Homecoming Queen by the 1980 Homecoming Queen, Dolores Delgado. After a scoreless first half, Arroyo was the first club to put points on the scoreboard. Martin Pleydle, who earlier had a touchdown called back, hauled in a 21 yard scoring strike from Krajnik with 5:03 left to tie the score at 6-6. Zamora kicked the conversion for what turned out to be the winning margin.

Senior Class Cabinet

This year the Rosemead High School grounds were ringing with excitement as the class of 82' scurries here and there getting fitted for cap and gowns, taking pictures, and being crazy seniors. This year Senior President, Robert Kehne, and the senior class cabinet have helped with many of the special activities like the R.H.S. Bible Study, Penopsis, and Homecoming. President Robert Kehne came into office with the incentive to make our school "better than ever!" They've built up the treasury to $2,000 and did a great deal to help the Senior all night party. Although their job is most important they do get quite frustrated with the time it takes and the lack of respect they get from some people, however, most students agree that Robert Kehne and the senior class cabinet have been a great asset to the R.H.S.

They were introduced as: Yvonne Herrera and Mike Perez, Viviana Iaciofani and Rick Krajnik, Jodie Lizakowski and Danny Alvarez, Jeannine Marquis and Gilbert Arnette, and Lisa McFarland and Anthony Hernandez. Then the answer to the familiar question, "Who will be Queen?" was finally answered as Lisa McFarland was crowned the 1981 Homecoming Queen by last years Queen, Dolores Delgado.

Djun Tan was elected ASB Secretary and was in charge of taking minutes which are important points mentioned in the meetings. Robin Arakaki was the ASB Treasurer and was in charge of the Student Body Budget and was also responsible for seeing that all bills were paid. Men In White Make Regular Visits To Pantherama Class

"Where's my pictures?" "I didn't know deadlines came so fast!" "Can you take the pressure" Well we did! After months of hard work at the Rosemead High Yearbook Ward, we were transferred to the nearby Rehabilitation ward to recover from our acute case of paranoia.

Although we may have acquried extensive brain damage, there is still hope that we will once again be normal human beings. Working after school, weekends, and even holidays to complete deadlines caused many of us to crack up. Others were taken ill by the frustration of drawing up the pages and writing captivating copy.

But for all the sacrifices the 1982 Yearbook Staff made, the final outcome was the production of a top quality yearbook. We hope that as we sit in our padded rooms, you are appreciating our dedication to our work.

Girls League And Sign Language

Girls League is a club of very hard working active members, sponsored for the first time by Mrs. Rangel. This club has had some activities that were accomplished very successfully. The accomplishments vary depending on the involvement of officers and members. The Backwards Dance, the Christmas Home Visit, and the involvement of Officers and members are considered to be accomplishments alone. The purpose of the Girls League, is to give service to the community, service to the school, and social activities to the students of Rosemead High School.

The Sign Language Club is a club of few members. Though it is small, they have accomplished quite a few things. Some of which were visiting the Office of the Greater Los Angeles Council for the Deaf. During the Christmas Season, they learned carols, in sign language, so as to perform for the deaf at convalescent homes or at an institute for the deaf. The whole purpose of the Sign Language Club is to teach others about the life of a person who lives in a world of silence.

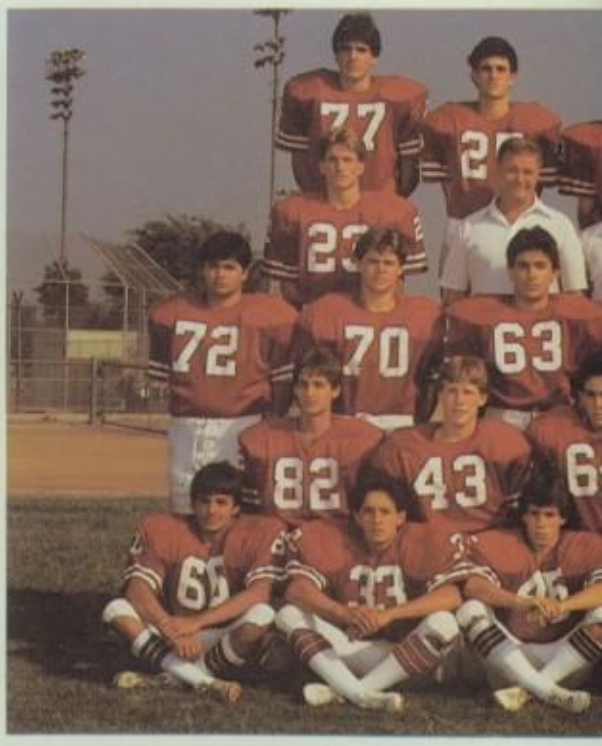
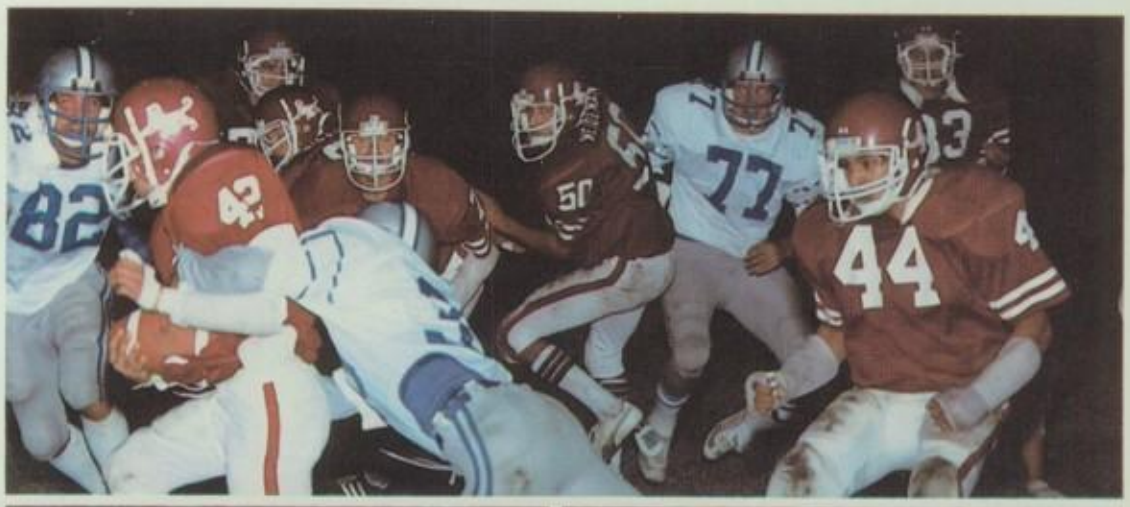
Cinderella Finish Varsity Football After Slow Start Comes Back To Win League Championship

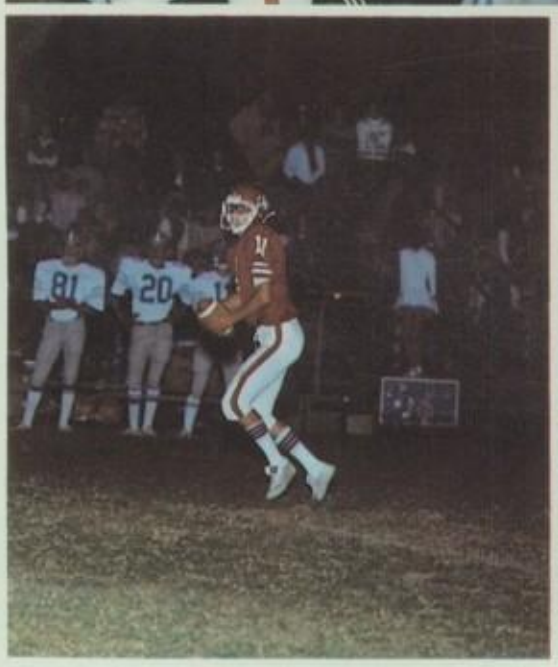
In what could only be described as the Impossible Dream, the Varsity Football team despite a slow start (losing the first 6 games), a small turnout of players (28), and key injuries, the team continued to improve. Winning the games that counted, the last four, the Panther Varsity under first year head Coach John Dunaway improved and surprised everyone in the San Gabriel Valley.

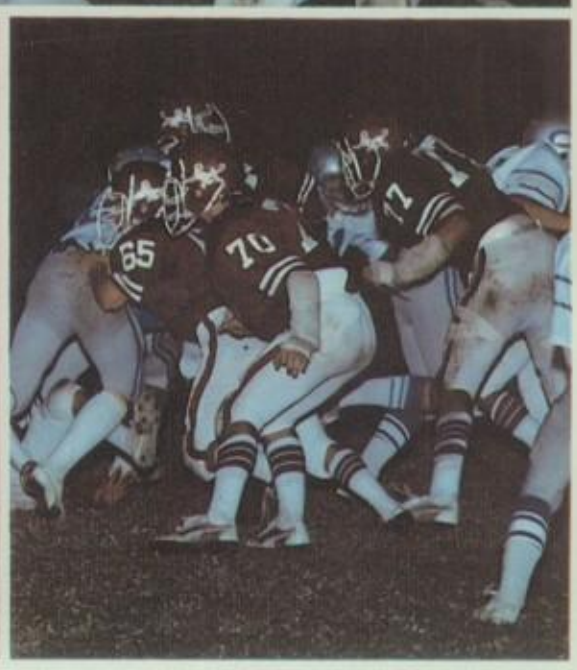
Having a tough preseason schedule proved a blessing in disguise as the team experimented with different offense and defensive formations until starting league the team gained more unity and confidence. Leading the way was the defensive team who continually held the opposing teams to low scores. With the exception of one league game the defense held every team to 6 points or less.

Everyone who attended the games would be amazed at some of the close finishes which resulted in the Mission Valley League Championship. In the El Monte game, the team came back to score a touchdown with less than a minute to go, and now behind 7 to 6, gambled and went for the two point play which was successful. Against cross-town rival, Arroyo, the team again had a key drive late in the last quarter to win the game 7 to 6. Mountain View as always was a tough game not decided until late in the game while the team played its best game against Schurr holding the defending league and CIF conference champions to just 27 yards total offense and spoiling their Homecoming 20 to 0 in a fantastic climax to the season.









F Morris,
it was nice to get to know you
this year and hope that you have
a nice summer

Moms Support Sons At Game

I really enjoyed being out on the field, because I could hear and see everything up close. I really understood the game better, because I was right there watching it. I wasn't afraid of my son's getting hurt anymore, because I feel that they could handle it. I also thought that the Mom's Night committee was really nice, and that they had done a good job with the refreshments, and I also feel that Mom's Night is getting better every year.

Cross Country, ugh! How can people run a three mile race? Cross Country is not just a physical sport but also a mental sport. I get shin splints, aching thighs, I could go on and on about the aches and pains a runner acquires during his or her running career. But you ask, why do I still run? As soon as I cross the finish line, it is pure relief in every sense of the word.

While waiting for a big race, the feelings inside of my stomach are amazing. It's as if a million butterflies are trapped inside, colliding with each other, and looking for a way out. The start of a race is dread in itself. You can hear the other girls knees knocking and of course my own. Cross Country has a closeness that no other sport can bring. It is a feeling of

Wrestlers End Season On Successful Note

Scales are the most important piece of equipment in wrestling. Just one pound over weight could mean disqualification of the wrestler. Head rolls, jumping rope, and lifting weights are just some of the ways they keep in shape. As Malcolm Boykin states, "One of the main qualities is confidence. You get out of it what you put into it. It's a lot of hard work."

In league competition the Varsity Wrestlers finished 4th with a record of four wins and three losses. But in the Mission Valley League Tournament the panthers showed their talent as eight wrestlers placed. Gary Wagner and Malcolm Boykin both won the tournament with David Bernal, Jaime Raygoza, Earl Bentancourt, and Andrew Mirales each receiving third and Craig Rovello and Steve James both took fourth.

The Rosemead Junior Varsity Wrestlers had another outstanding year. The season started with the tough Edison J.V. Tournament where the Panther wrestlers defeated Marina High School 43 to 21, then defeated Montebello 31 to 23 before dropping a close match to Bell Gardens. The Rosemead girls were up for the challenge and soundly defeated El Monte and Mark Keppel to clinch the 3rd place berth for CIF and advance to the playoffs. Doing well for the team were Senior Tina Glenn and Junior Tamera Compton. Orchesis Presents "Shadowed Movements"

This year Orchesis held their annual concert on February 26th and 27th. It was entitled "Shadowed Movements" which included various types of dances. The planning and production of this years concert took many hours of both the orchesis members and their advisor Mrs. Teresa Dvoracek. The planning of different and new ideas began last year. This year there were many props added to the dances and special lighting to add variations. Some of the nights favorite dances that the audience seemed to enjoy were the various solos done as a "Tribute to Broadway", "The Cha Cha", "Zoned Out Seniors", and the finale, "Under the Big Top." The hard work and preparation put into the concert really paid off. It proved to be one of Rosemeads best concerts.

Boys Track Has Some Outstanding Individuals

The boys program continued its improvement of recent years in 1982. For the first time in many seasons, the Panthers appeared to be on the verge of a Mission Valley League Championship, threatening Schurr and Arroyo's perennial dominance for the league.

Behind the leadership of quartermilers Robert Wolf and Fernando Vera, the Panthers went into the league with a fine performance at the Downey Invitational, where they earned 15 medals. Although losing tough duel meets with Pioneer and Temple City, a victory against Bell Gardens geared Rosemead to an enthusiastic league campaign.

Besides the performances of Fernando Vera and Robert Wolf, the distance crew was strengthened by the consistently excellent running of Junior Sal Rodriguez. Raul Quezada also ran well in the one and two miles races. The 880 was headed up by Mike Salinaz, with Sophomore Larry Miller showing promise.

Ricky Bentancourt did a fine job as a pole vaulter and a utility relay runner. Steve James led the shot putters and discus men, while junior Darrell Miho long jumped this year.

Jaime Uranga handled the hurdling chores for RHS, showing weekly improvement as the season progressed.

However, it was the Panthers' mile relay team, manned by Bentincourt, Meza or Miho, Vera and Wolf, that was Rosemeads pride in '82.

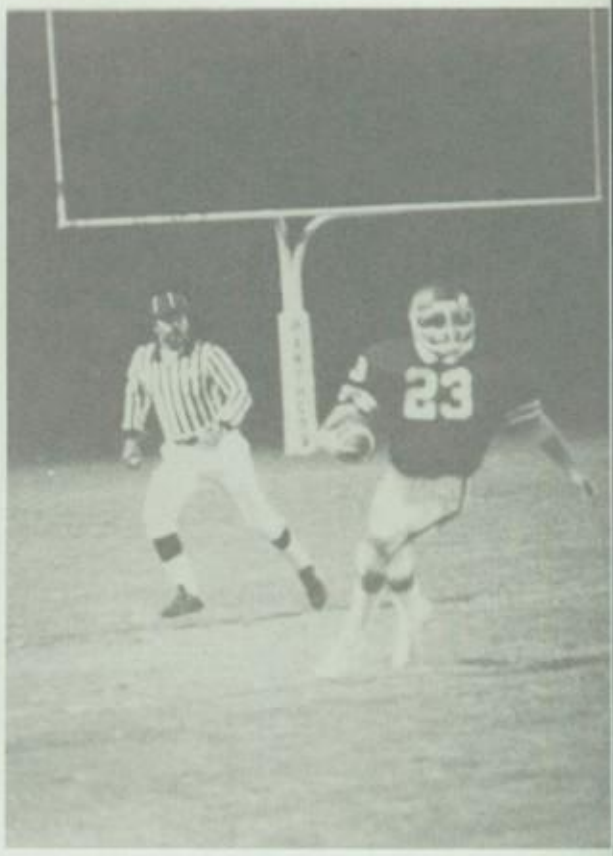
Football Team Advances To CIF Playoffs

The 1982 Varsity football team was truly a Cinderella team, as they won the Mission Valley League Championship for the first time. The team overcame some early season defeats, and advanced to the CIF playoffs, drawing the San Dimas Saints. San Dimas defeated Rosemead by the score of 35 to 6 on our own Panther Field. The Saints were an outstanding team and advanced all the way to the CIF semifinals.

In a decisive MVL game the Rosemead Panthers humbled the defending CIF champions from Schurr High School, 20 to 0. The Spartans could manage only 37 total offense yards against the aroused Panthers defence. The Panthers had a close call in their Homecoming game against the Arroyo Knights. Late in the game, behind 7-0, the Panthers mounted a drive and scored a touchdown and a two point conversion to go ahead 8-7, with less then a minute left to play.

Although the team was short in numbers and small in size, they had many players chosen for Mission Valley League honors. On defense Earl Bentencourt, Robert Wolf, and Steve James were chosen first team. While Jessie Madrid, Blake Calabrese, and Ray Vasquez were chosen on the second team. Jim Billings, Steve James, Robert Wolf, and Martin Pleydle, were chosen to the second team all league offense. Robert Wolf was selected as the Mission Valley League Player of the year. Further honors went too Earl Bentencourt, who was selected second team All CIF line backer , and Robert Wolf who was first team all CIF defensive back.



Girls Make CIF Finals For 4th Straight Year
Boys Run 10th Out Of 15 Teams In Prelims

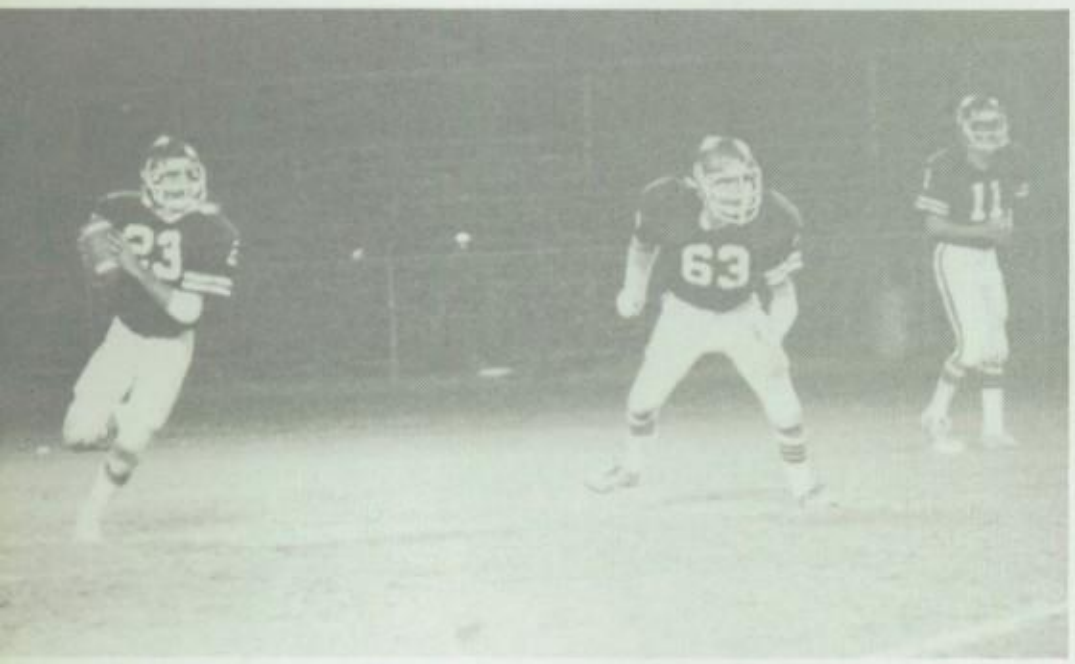
This year the girls cross country team placed 3rd in their heat in the CIF prelims to advance to the CIF finals. The prelims and the finals were held at MT. SAC; a very tough course. Doing well were Trish Flores, Jaymece Amador, Tiffany Hurstrom, Lynne Barron, Yvette Escarsega, Barbara Souza, and Bridget LaFortune. The girls team had only one senior on it and is expected to be very competitive next year.

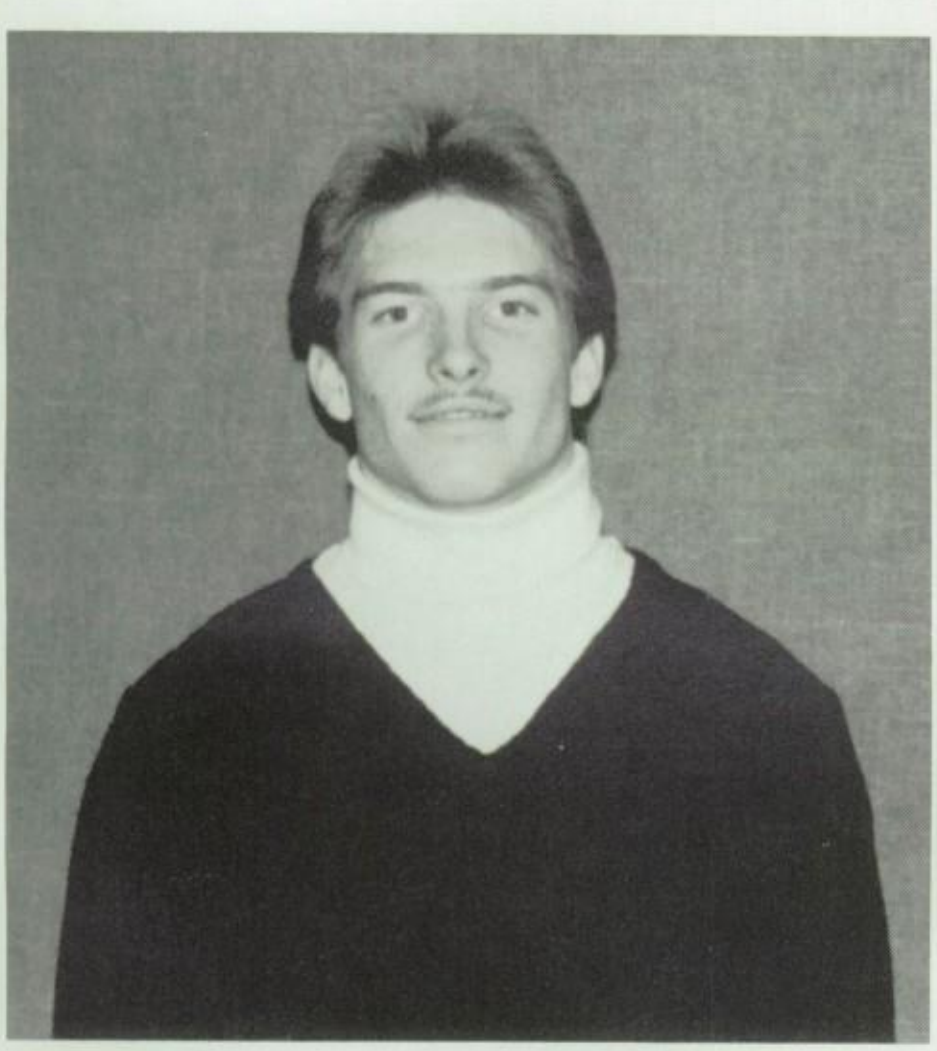
The boys team also advanced to the CIF prelims due to their 3rd place league finish. Being placed in a very tough heat the team nevertheless placed 10th out of 15 teams. The team placed higher than any other 3rd place finisher in the CIF prelims. Doing well for the boys were Raul Quezada and Chris Abe. Also running were Larry Miller, Rich Escamilla, Mike Salinaz, Jaime Valle, and Louis Martinez.

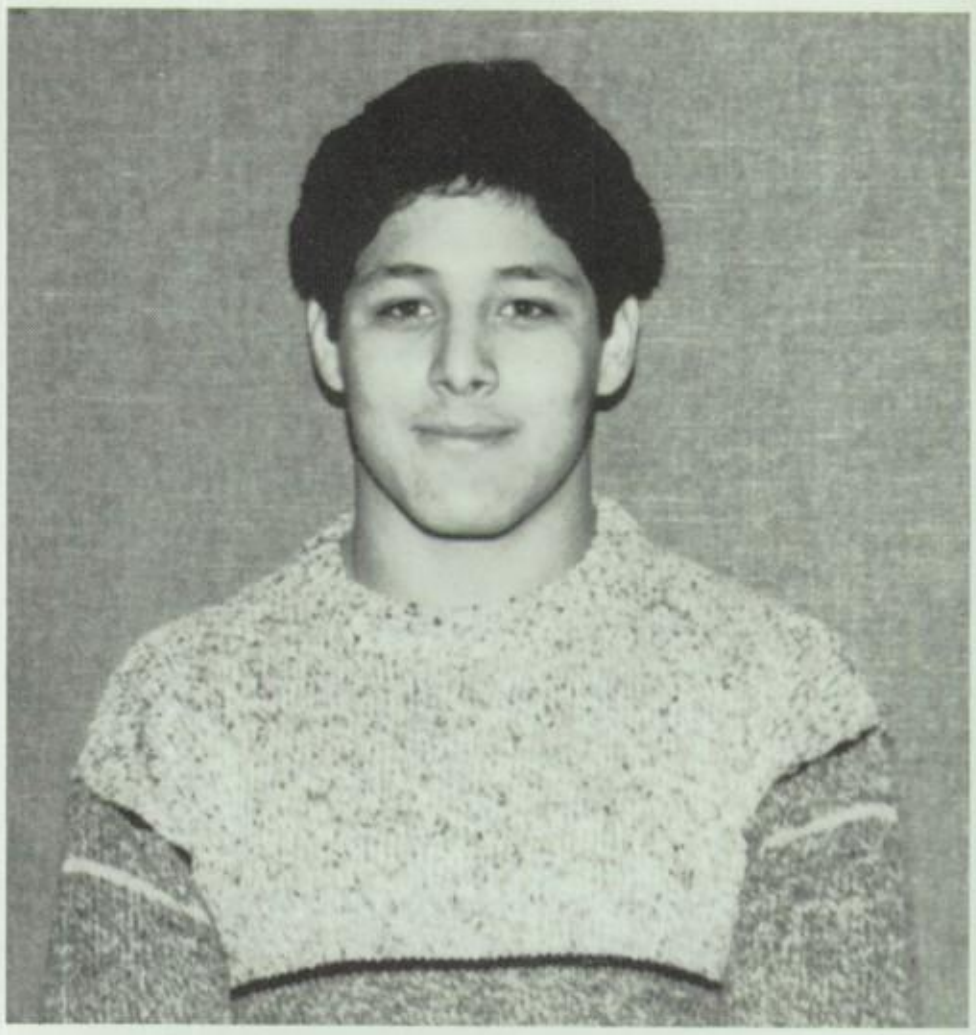
Two Chosen On All-CIF Football

This year Rosemead had the distinction to have two players chosen on the All CIF Football team. Chosen to the first team All CIF as a defensive back was senior Robert Wolf. He not only excelled on defense but played receiver and running back. He intercepted 12 passes on defense while on offense he caught 47 passes and rushed for 400 yards.

Junior Earl Betancourt, the only junior ever to be a captain had a successful season on both defense and offense. On defense he had 37 unassisted tackles and made it difficult for the other team's offense. He also rushed for 355 yards as a running back. This was a great honor for these two individuals but also a great testament to the contribution of the whole team.







Girls Nearly Upset 4th Ranked Team

Rosemead's girls basketball team entered the CIF playoffs for the 7th straight year playing Moreno Valley High School, a team ranked 4th in the playoffs. Moreno Valley was a fine, highly ranked team but Rosemead arose to the occasion and almost pulled off an upset. The team lost only in the closing minutes 51 to 46 after leading for much of the game. Some of the players who did well in the Moreno Valley game were Tina Glenn, Terry Nacarrato, Lisa DeReemer, Toni Compton and Susie Zago.

During the C.I.F. This was another successful year for Rosemead High wrestlers. Two out of the three wrestlers are juniors (Boykin and Mireles) and should strengthen next years team.

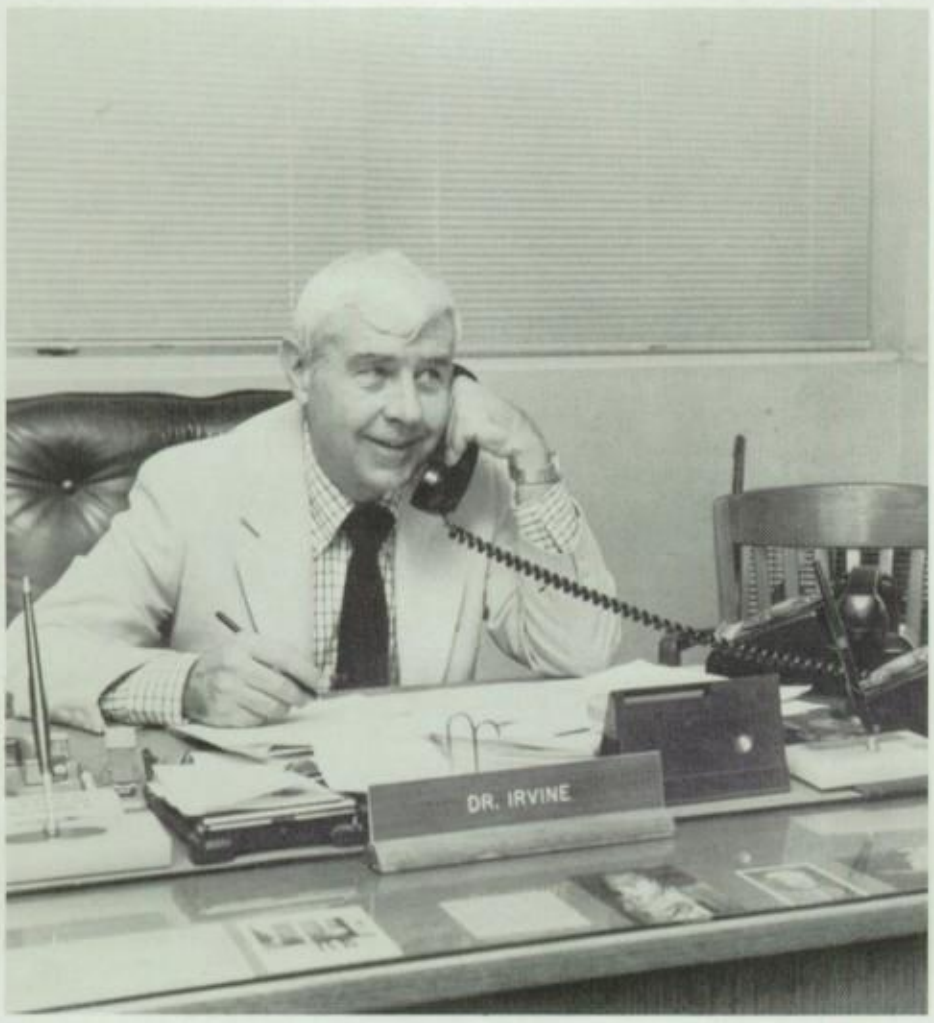
Rosemead High School Principal
Dr. E. Terry Irvine



This has indeed been a most pleasant year for all of us here at Rosemead High School and I am sure that this yearbook truly expresses that thought. My message is primarily one of gratitude. All of you have been most considerate and cooperative during this past year. It has indeed been a joy for me to have had the opportunity to be associated with you in this very important endeavor that we call "high school."

Of all the wonderful things which life brings to me, nothing is finer than the smiling, friendly greetings I receive daily from our fine students. I would rather claim you as my friends than anyone else in this world and trust that I may always do so!

It is my earnest wish that this year's Pantherama will present to you a record of the happiest days of your life, a record which will not only remind you of the past, but one which will point the way to a successful future.

I hope that your experiences at Rosemead High School will help you to always meet with courage and without complaint the many trying hardships along life's way. My sincere best wishes are extended to each one of you as you go forth into the world!

Very cordially yours,

Dr. E. Terry Irvine

Looking back into memories past,
These years in school have gone so fast,
Thinking back to the time when friends were new,
And seeing how quickly those friendships grew.

Thinking back to the days of football "fames,"
Of volleyball, baseball, and basketball games,
Of Homecoming princesses and Pantherama Queens,
Of track and field practices and CIF dreams.

Remembering times we friends had such fun
And knowing how soon the year will be done,
Somehow regretting the school year won't last,
Yet prepared for the future because of the past.

And with these thoughts still warm in our hears,
Our memories of school will never depart.
Always remain good friends forever,
And help each other through every endeavor.

When I accepted the position as the 1982 yearbook editor I was filled with excitement as well as apprehension. After being on the staff for only one semester last year I had much to learn, and fast.' Attending yearbook camp in Santa Barbara gave me many ideas for producing a new and different book as well as ways to train my staff which had only 2 returning members.

By working long hard hours after school, weekends and holidays, my dedicated staff and I with the help of our advisor Mr. Boyd and our yearbook representative Mr. Hoot Gibson we've attempted to capture the memories of the 1982 school year. Scheduling and rescheduling pictures, designing pages, selling ads, writing copy and putting it all together to meet our deadlines wasn't easy but I'd like to thank my great staff for pulling together and doing a terrific job.

I'd also like to thank my close friends for their constant prayers and support throughout the year. Without them I never would have been able to "take the pressure" and would have fallen victim to one of Mr. Boyd's famous tortures.

Thanks,
Cheryl Lewin

Dear sex God,
I don't even know where to start, I guess I should start by saying thank you for all the good times and even the bad, which there hasn't been to many bad. Thank you for being my friend, I can never thank you enough for helping me, listening to me, giving me advise and all the other stuff. I can't even begin to explain my love for you, it is so great and far beyond words can express. there is only one thing I fear, and that is, this summer we will both be kind of busy. I don't want to lose contact with you. I know we won't, but I am still afraid that we will stop calling each other. Please let's not make that happen. I have had a few tragic moments in my life with Sammy and Mike, and you stood right by me. and no one would have done that, they would have just said ah. don't worry about it. but you comfort me and explain things to me. and so I thank you. well, can you believe it? it has been almost 5 months for us, oh boy, thats a long time huh? but its worth it because your my sex God, and you'll always be my ponchita! can you believe it, we have been having sexual contact again, today is the 2nd day. we are so far behind on our love making. oh I forgot to tell you, I went to the doctor's the other day and I'm pregnant, so I think you should go to the doctor too, cause you might be prego- to. then what'll we do? well do you want the baby, well I do! boy, I can't believe how fast this year has gone by, I guess time does fly when your having fun, and boy I have been having the time of my life. Just think in about 2½ more months you and fay and cheri will be ruling the school, aren't you excited. I am because I can't believe that I'm going to be a Junior. God, it seems like yesterday when it was my first day of school as a freshman. where does all the time go? I would sure like to know. I hope that you and Ricky Dicky do- stay together for a long time, its already been a half a year. for you two. who know's maybe you two will end up getting married, wouldn't that be a trip? I can see it now! ha-ha! JK. well, I hope I am writing small enough for you, and if I'm not well than, life is hard. well baby, we are going to have to plan a big trip together, maybe go to the river, or maybe, ventura, or even palm springs, we should get alot of people together and go some where for a few days. or my grandma told me if we wanted to go to Big Bear we could fly, and it would only cost 30 bucks round trip and it would only take about 20 minutes and, the plane takes of at El monte air port and lands at Big Bear air port which happens to be right down the street from my grandma. well, baby I'm getting down to the end, so I guess I should start to end this whatever you call it. well, as I said thank you for every thing and I love you more than you know. and I only pray, that we stay best friends forever. good luck in the near future + I hope you get what you want out of life love Tracy mula
